Working in progress for a new slogan for
PyCon APAC 2014 in Taiwan

The New Chair Says

- Tim Hsu (@TimYellow):
 - More interactions.
 - More talks.
 - More project contributors/owners and hacking.
 - More diversity.
- I can leak some insider information:
 - <https://pycontw.hackpad.com/>
 - The team has been formed and started working (though quietly).

BoF Will Still Be “Bazaar of Folks”

- The “night market (夜市)” is one honking great idea -- let's do more of that.
- (The volunteers for organizing this have been identified. :)

Growth

- PyCon APAC takes the lead to facilitate sharing and communication among Python programmers in this region.
- The conferences help us to grow.
- We enrich the conferences.
- Developers, businesses, and users grow together as a community.
- It's what we've seen in Taiwan, and what we hope to see in the whole APAC region.
